## Phonographs, Gramophones, Cylinders, Discs, Tape Recordings, Compact Discs, Record Companies, Biographies and Discographies.

If you are interested in any of the above subjects or any aspect of the history of recorded sound, then you should consider joining us.

The City of London Phonograph and Gramophone Society was founded in 1919 from various smaller societies in London, making it the oldest such society in the world and has been meeting regularly ever since. Our first Patron was Thomas Edison himself and we count Oliver Berliner, grandson of Emile, the inventor of the Gramophone amongst our current Patrons.

Despite our name, we have a world-wide membership with almost a quarter of our members residing outside the UK. We publish a quarterly journal, "For the Record" which is distributed to all members, as well as producing discographies, facsimile catalogues, our own series of cylinder records, "The Masters Series" and the very popular A5 size booklets, "The Reference Series".

Monthly meetings are held in London and regularly elsewhere in the UK. We also hold two Phonofairs a year, one in the London area and one in the Midlands and our Annual General Meeting weekend in October gives members from all over the world the chance to meet up in convivial surroundings.

Subscription to February 28<sup>th</sup> 2019 is:-

UK and Europe **£20.00/€35** or **£15.00/€30** for registered students.

Rest of the World outside Europe: **£24/\$50(Air Mail)** or **£21.00/\$42 (Surface Mail)**.

We regret that due to recent changes in US Banking Regulations, we can no longer accept cheques (checks) in US Dollars but cheques in Euros are still welcomed
